

Granville Carb Cleaner

500ml Aero

Product Description

Carb Cleaner is a blend of hydrocarbon solvents and detergents which has been specifically developed to quickly and effectively remove gum and varnish deposits from automotive carburettors helping to improve engine efficiency and fuel economy, eliminating poor idling and improving throttle response.

Product Benefits

- * Strong solvents dissolve and flush dirt away fast
- * Powerful jet supports an aggressive washing action
- * Cleans carburettor and air intake components without dismantling
- * Dissolves thick grease deposits, lacquer and built-up carbon

* Image for illustrative purposes only.

500ml Aero	0653	5020618006534

Product Usage

For use on all automotive carburettors and automatic chokes.

Directions for Use

Carburettor - to clean the visible parts, remove the air filter. Start the engine and let idle until warm. Open the choke. With the engine warm, spray into the air inlet manifold onto the dirty parts. Spray in periodic bursts. If required accelerate to avoid stalling the engine when enriching the mixture. Use as required until parts are clean.

Air intake manifold & throttle valve - remove the air filter. Start the engine and idle until warm. Open the choke. With the engine warm, spray into the air inlet manifold onto the dirty parts. Spray in periodic bursts. Spray onto the throttle valve. For injection systems open the air flow valve by hand. If required accelerate to avoid stalling the engine when enriching the mixture. Use as required until parts are clean.

Automatic choke - Remove the air filter and with engine off, liberally spray both ends of choke valve assembly with a direct jet, while opening and closing all valves and linkages.

P.C.V. (Positive Crankcase Ventilation) - disconnect from the crankcase side of the P.C.V. Insert the tube into open end of valve and spray while working the valve. Start engine and spray into the valve several times to flush.

Storage Instructions

Store in a cool dry, place away from direct sunlight.

Shelf Life

2 years from date of manufacture.

Appearance	:	Clear
Odour	:	Characteristic
Specific Gravity	:	0.84
Flammability	:	Highly Flammable

Granville Carb Cleaner

500ml Aero

Flashpoint : N/A - Hermetically sealed unit
